

## DETOUR NOTICE

The California Department of Transportation (Caltrans) is alerting motorists that Interstate 80 (I-80) will be subject to nighttime closures from Tuesday, March 31 through Monday, November 30. The closures will be in effect between 7 p.m. and 8 a.m. (10 a.m. on weekends) and may occur seven days a week. Closure schedules may vary throughout the construction season.

There will be two separate detours during the closures. During this construction period, closures will alternate between the east and west bound directions:

**Large trucks and buses will be detoured onto the Highway 20/49 corridor**

**Passenger vehicles will be detoured using Rollins Lake Road**

**Caltrans will be storing all large trucks and buses in a closed lane along Interstate 80 at the large truck and bus traffic detour. Large trucks and buses can anticipate being held up in the storage area up to 30 minutes before being piloted through the detour route. The detour route drive time can be in excess of one hour.**

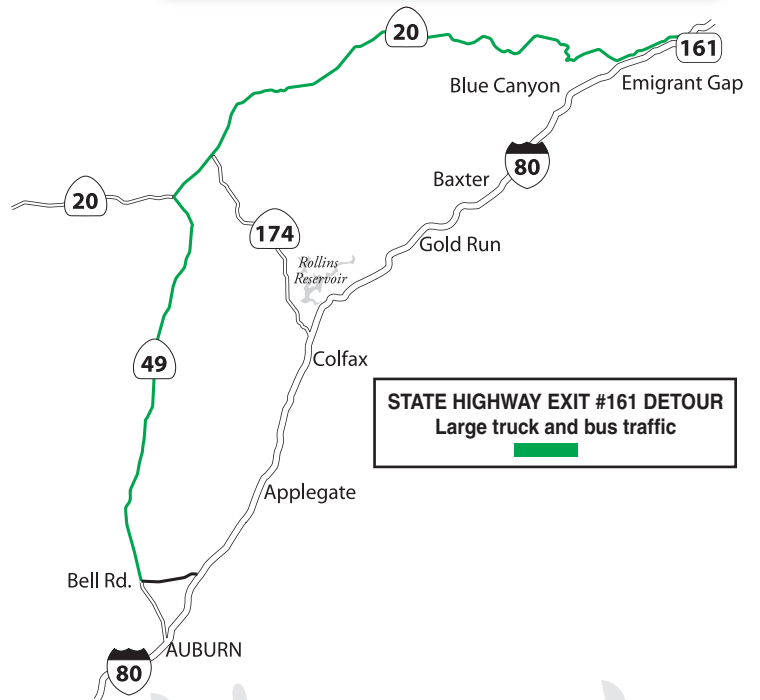

Both detours will be clearly marked. The detours will be actively patrolled by the California Highway Patrol.

This schedule is subject to change due to inclement weather.
