Paving operations will restrict eastbound I-80 traffic Near Emigrant Gap

Emigrant Gap – The California Department of Transportation (Caltrans) is alerting motorists that due to paving operations, traffic on eastbound I-80 will be restricted to just one lane. Delays of 10 - 20 minutes can be expected. The restrictions are as follows:

- Sunday and Monday, September 11 & 12, motorists on eastbound I-80 will be restricted to one lane from 6 p.m. to 9 a.m. the following morning from Carpenter Flat Road to Cisco Grove.
- Monday through Thursday, September 12 – 15, motorists on eastbound I-80 will be restricted to one lane from Cisco Grove to Hampshire Rock Road from 5 a.m. to 6 p.m.

These lane restrictions are necessary to facilitate paving operations on the \$71 million Donner III pavement rehabilitation project. This project will reconstruct and improve the section of roadway between Castle Peak and Donner Park. Completion is expected this fall.

Roadside message boards will be used to post the latest information. Unexpected weather may prolong or cause the work to be rescheduled. Caltrans urges motorists to use caution in this area and to "Slow for the Cone Zone".
