

Scheduled Travel Restrictions

November 15 - 21

(Please note that schedules listed are subject to change due to inclement weather)

As of November 15, all projects on Interstate 80 will be on a Winter suspension. No traffic interfering work is scheduled until Spring 2010.

Thank you for your cooperation during the 2009 construction season.

Interstate 80 (Placer County) from Carpenter Flat to Hampshire Rock: Work will soon begin on the \$167 million Emigrant Gap construction project to improve this 10.2 mile stretch of Interstate 80. Improvements include replacing the existing roadway with Portland Cement Concrete, improving the existing drainage system and construction of new stormwater collection vaults. Completion is scheduled for 2013.

Interstate 80 (Nevada County) from Donner Summit to Donner Lake: Work continues on the \$71 million Donner III construction project to improve Interstate 80. Work includes repaving the existing roadway with Portland Cement Concrete, reconstructing failed sections of roadway, adding new drainage systems, upgrading existing drainage systems and construction of a new sediment/debris collection system. Completion is expected in 2011. **Project is on winter suspension.**

Interstate 80 (Nevada County) from Donner Lake to Donner Pass Road in Truckee: Work continues on the \$70 million Donner I construction project to improve Interstate 80. Work includes repaving the existing roadway with Portland Cement Concrete, reconstructing failed sections of roadway, adding new drainage systems, upgrading existing drainage systems, construction of a westbound truck-climbing lane from Donner Pass Road to the Donner Lake Interchange and construction of a new sediment/debris collection system. Completion is expected in 2010. **Project is on winter suspension.**

Interstate 80 (Nevada County) from Boca to the Nevada State line: Work continues on the \$73 million Truckee River Canyon construction project to improve Interstate 80. Work includes repaving the existing roadway with Portland Cement Concrete, reconstructing failed sections of roadway, adding new drainage systems, upgrading existing drainage systems, construction of a westbound truck-climbing lane from Donner Pass Road to the Donner Lake

Interchange and construction of a new sediment/debris collection system.
Completion is expected in 2010. **Project is on winter suspension.**
